Managing Safely

IOSH Managing Safely is a basic risk management certificate in health and safety. It enables those who manage a team to meet their responsibilities for health and safety in the workplace.

The course is split into 2 units - 1 taught module and a work-based assignment which will demonstrate the application of the knowledge learners have gained over the course of the previous unit.

Full course syllabus

Course Assessment

There is a 45-minute written assessment, consisting of 30 questions in a variety of formats. A score of at least 36 out of 60 is required to pass.

You will also need to conduct and submit a skill-based workplace risk assessment within two weeks of completing your learning materials. A template is provided for you. You will need to score at least 23 out of 38 to pass.

You must pass both units to achieve your full IOSH Managing Safely qualification. Once successful, a certificate will be issued by IOSH and arrives within 6-10 weeks of your result
