## Working Safely

IOSH Working Safely is a basic risk management health and safety certificate for employees.

It enables people who work as part of a team to meet their responsibilities for health and safety in the workplace.

The course is split into 2 units - one taught unit assessed by a 10 question, multiple-choice assessment paper and a practical unit assessed by three hazard spotting exercises (15 mins).

### Overall learning outcomes

At the end of the training participants will:

- Understand why they must 'work safely.'
- Understand the difference between hazards and risks.
- Understand hazard identification.
- Appreciate and improve upon safety performance within the workplace.

**N.B.** Each element will have additional specific learning outcomes.

### Full course syllabus

- **Module 1.** Introducing working safely
- **Module 2.** Defining hazard and risk
- **Module 3.** Identifying common hazards
- **Module 4.** Improving safety performance

### Benefits of this course

- Greater productivity, from fewer hours lost due to sickness and accidents
- Improved company-wide safety awareness culture and appreciation of safety measures
- Active staff involvement to improve the workplace
- Enhanced reputation within the supply chain
